## London Bike Show

See 2019 bikes and kit close up at ExCeL from 29-31 March. Details at [thelondonbikeshow.co.uk](http://thelondonbikeshow.co.uk)

### 1 OS Trail Bike GPS £439.99

OS's new GPS unit includes full 1:50k GB mapping, plus six 1:25k map tiles and subscriptions to OS Maps Premium and SeeMe, which broadcasts your location. [ordnancesurvey.co.uk](http://ordnancesurvey.co.uk)

### 2 Rainlegs Arctic £33.75

The peculiar but practical Dutch cycling chaps are now available in a version that keeps your legs warm as well as dry, thanks to Hollow Fiber insulation. [rainlegs.com](http://rainlegs.com)

### 3 Gilles Berthoud Bar-end Mirror £61

A nice drop-bar mirror, this is made from CNC'd aluminium, with a ball-joint to adjust the angle. It fits bars from 16-21.5mm inner diameter. [berthoudcycles.fr/en](http://berthoudcycles.fr/en)

### 4 Bristol Bikes Expedition £838

Bristol Bikes resemble Edinburgh Bike Co-op's Revolution range, which equipped re-badged frames with a sensible spec. This one has 3x8 Claris/Altus gearing and 36-spoke wheels. [bristolbicycles.co.uk](http://bristolbicycles.co.uk)

### 5 Sunrace 8-speed 11-40 cassette £20

Sunrace's wide-ratio cassettes for 8- and 9-speed (CSM680 and CSM990) came in under the radar as they're only OEM – or on eBay. With a drop bar, you'll likely need a RoadLink and a long-cage mech. [sunrace.com](http://sunrace.com)

### 6 Rapha Explore Cargo Winter Tights £240

They're a lot of money, but these fleece-backed, rain-resistant winter bib tights have something others lack: zipped and mesh pockets on the legs and lower back. [rapha.cc](http://rapha.cc)

### 7 London Bikebag £35

You can lash various luggage to a Santander bike's front rack but this Cordura tote bag is more stable as it's designed for it. Handy if you often use London hire bikes. [bikesharebags.co.uk](http://bikesharebags.co.uk)
